BRYSON PALMER

FRONT-END DEVELOPER

BRYSON.PALMER@OUTLOOK.COM | Portfolio | LinkedIn

SUMMARY

Front-End Developer passionate about creating dynamic, responsive user interfaces and making the world a better place to live through the promotion of science, security, and technology advancements.

PROFESSIONAL EXPERIENCE

METER GROUP (ADDIUM)/AROYA   **2021 - 2023**

Software Engineer I   *July 2022 - March 2023*

- Served as owner of 2 front-end development domains: task management updates and compliance error handling.
- Upgraded task form with new css grid layout, accordion collapsible sections, custom instruction field with ability to add attachments, a full screen image viewer, and the new feature of assigning a lead and multiple assignees.
- Updated task view features to include new layout via tabular content, auto saving changes to multiple assignees, full-screen image viewer, comment section, task status widget, and subtitle widget with task metadata.
- Created new error UI and user resolvable actions for common Metrc sync errors, reducing customer support calls regarding these errors by 90%.
- Collaborated cross platform with UX and back-end developers to execute clean designs and hook up new lean apis.

Software Engineer Intern   *September 2021 – July 2022*

- Contributed to production level development while partnering across multiple platforms.
- Focused on writing clean code, defining prop types, adding tests, and applying company best practices.
